Description

BI-40-XTRASLIM – 40” Extra Slim Indoor or Outdoor Built-In only Electric Fireplace with black steel surround – by Amantii

The BI-40-XTRASLIM, built by Amantii, is a stylish 40” wide and 4” deep electric fireplace that makes a stunning addition to any space – Indoor or Outdoor.

With an opening height of 11-7/8” and available in four sizes, you’ll find an EXTRASLIM fireplace that is perfect for any space in your home, business or commercial space. At just 4” in depth, the BI-40-XTRASLIM is perfectly suited to installations where wall depth is at a premium.

Boasting our FIRE & ICE® Flame presentation with three color LED light strips allowing for multicolor flame options. With just a click of the included remote control, choose from blue, rose, violet, yellow or orange colored flames. The Extra Slim model comes standard with clear decorative media with additional media options available for purchase.

Panorama fireplaces are rated for Indoor or Outdoor use.

Full Frame Viewing Area

The Panorama Series give you multiple length and depth options as well as giving you the ability to install your fireplace with your choice of finishing material built right to the glass for a “clean face” design or using the provided black metal surround. ***Your choice – your design!***

A Kaleidoscope of colors

Featuring the vibrant Fire & Ice flame set, with just a click of your remote you can easily change the flame color from blue to purple to violet to orange or yellow.

How is the heat emitted from a Panorama?

The heater and fan are located in the top of the unit and the glass is uniquely angled backwards to allow heat to cascade down over the front of the fireplace.

Note: The XTRASLIM fireplaces models feature the newest Dual Flame blue/multi-colour flame presentation.

KEY FEATURES

Heater & Fan	Thermostat hard-wire ready Electrical hard-wire ready
Rated for indoor & outdoor use, including bathrooms	Very thin – only 4" in depth
